

FP PRO "LT"

EMMEGISOFT OFFICE CALCULATION SOFTWARE

**FP PRO:**

FP PRO is the main FP SUITE program since it includes the basic functions used by all door/window makers: door/window design, job definition and calculation, analytical estimate, purchasing management, generation of workshop work lists, heat transmission calculation, CE mark management. It comes in 5 versions and is suitable for companies of any size. It is easy to use and employs a userfriendly graphical interface displaying real profiles, multi-joints, sections, 3D styles. It can operate in a network where files are shared over an SQL database.

"LT" version:

The version for window and door management, including intermediate angles, and connection to electronic Cutting-off machines. Creates estimates, orders, cutting lists. Calculates the heat transmission, manages the CE mark.

**FP PRO "LT" / EMMEGISOFT OFFICE CALCULATION SOFTWARE****TECHNICAL CHARACTERISTICS**

Use of profiles in aluminium, wood-aluminium, PVC, steel	●
Rectangular styles design	●
Casement windows, sliding windows and shutters management	●
Fittings management and making of parametric kits of fittings	●
Graphic representation of multi-joints	●
Graphic representation of dimensioned sections	●
Costs definition for: profiles, glazing, panels, fittings and gaskets	●
Calculation of price lists for pieces, accessories, glasses and panels	●
Optimization with short bars use	●
Analytical calculation of the estimated costs	●
Heat transmission calculation	●
CE mark management	●
Styles, estimates and price lists exported to Word, Excel, etc.	●
Handling of utilisation permits	●
Design of structures with intermediate angles	●
Composition of orders to suppliers	●
Connection to compatible cutting-off machines	●
Connection to firm control programs	●
