

Transit YP

Professional trolleys

Trolley designed for transportation and storage of glasses and panels in the assembly lines.

**Partitioning**

The carriage has doubled partitioning that allows high increase in the number of transportable workpieces and also considerable savings in terms of occupied space.

**Contact surfaces**

All side and lower contact surfaces are coated with soft nonslip PVC, which ensures the integrity of the surfaces in the housing stages.

**Pivoting wheels**

Equipped with 4 pivoting wheels with brakes, they ensure a high degree of mobility and easy handling of the object. Locking the braking units allows their position to be fixed near different work areas.
